

# Author Visits

Bringing a story alive is key to my visits to primary schools, libraries and festivals. My storytelling sessions are interactive and lively, with everyone taking part. This includes singing, role-play, and a healthy dollop of imagination. A typical workshop includes storytelling, a craft activity, a Q&A session, and a story challenge.

## IMAGINE...

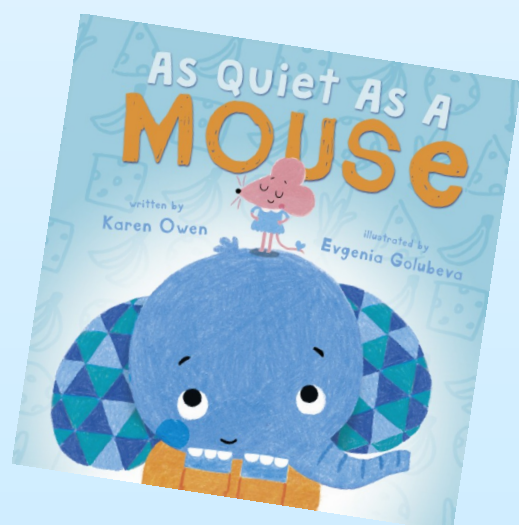

Where do I find inspiration for story ideas? During this one-hour interactive workshop, I share my writing inspirations and together we go on a story hunt using pictures, music, and a range of interesting objects to stimulate the senses and imagination. By the end of the workshop, each child will have a notebook of ideas they can use for a story.

*Most suitable for Y2-Y6*

## WORDS AND PICTURES

How are picture books made? During this 45-minute interactive presentation, I talk about the process from coming up with an idea for a story right through to the publisher printing a book. Also includes a Q&A session.

*Most suitable for Y2-Y6*
